Family Together Time

Here is a great activity to do together that you can experiment with both preschool and elementary, here's how to do it, adjust as needed:

- Inflate balloons.
- Have each person rub a balloon against his or her hair or a piece of wool cloth to create static electricity. Then see what the balloons can pick up off a plate. Try things like ground pepper, pieces of tissue paper, or glitter.
- Talk about what the balloon did or didn't have power over. Remind everyone that Jesus has power over sickness and death.

Talk About This...

- Who needs healing that our family can pray for? Take time to pray for that person now.
 - Pray for people affected by COVID-19
 - Pray for peace during this time of uncertainty
